

Innovating since 1907 – First kayak manufacturer in the world

The Über Cool Folding Kayaks

Press Release – For Immediate Release

Klepper Folding Kayaks go West

March 2, 2010 – Ottawa, Ontario – Klepper folding kayaks are continuing their whirlwind showings across Canada and are heading West! From March 5th to 7th kayaking enthusiasts can see Kleppers at the Abbotsford BC Boat and Sportsmen's Show. On the weekend of May 15-16, Klepper fans can join in on the family fun at the Vancouver Island Paddlefest in Ladysmith. Klepper maintains its unique personal approach by attending shows and paddlefests to give Canadians the opportunity to see the product in person, in stark contrast to other folding manufacturers who rely on factory-direct sales.

Austrian-born and long-time Canadian Klepper folding kayak dealer Peter Gleissner of Auto Marine Specialties looks forward to showing the newest product lines and chatting about Klepper. Peter's passion for Klepper kayaks is deep-rooted and his collection includes a copy of the original Life Magazine featuring Dr. Hannes Lindemann's historic 1956 Atlantic crossing in a Klepper folding kayak.

In BC, drop by to view the Aerius II+ 545 tandem, the newest addition to the Klepper line. This longer double folding kayak was designed to accommodate taller paddlers explains Gerhard Schedel from the Klepper manufacturing facility and museum in Rosenheim Germany. Handmade to the highest German standards since 1907, Klepper is the perfect paddling partner for homeowners and apartment or condominium dwellers who can store their kayak and sailing gear in the closet.
